**2040 METRO VISION REGIONAL
TRANSPORTATION PLAN**

Draft for April 17, 2019, Public Hearing

The background of the slide is an abstract composition of vibrant, multi-colored light streaks in shades of yellow, orange, blue, and purple, radiating from a central point to create a sense of rapid motion or a tunnel effect. A solid purple horizontal banner spans the width of the slide, partially overlapping the light streaks. On the right side of this banner, there is a decorative graphic element consisting of several overlapping, chevron-like shapes in white, light purple, and red, pointing towards the right.

INTRODUCTION

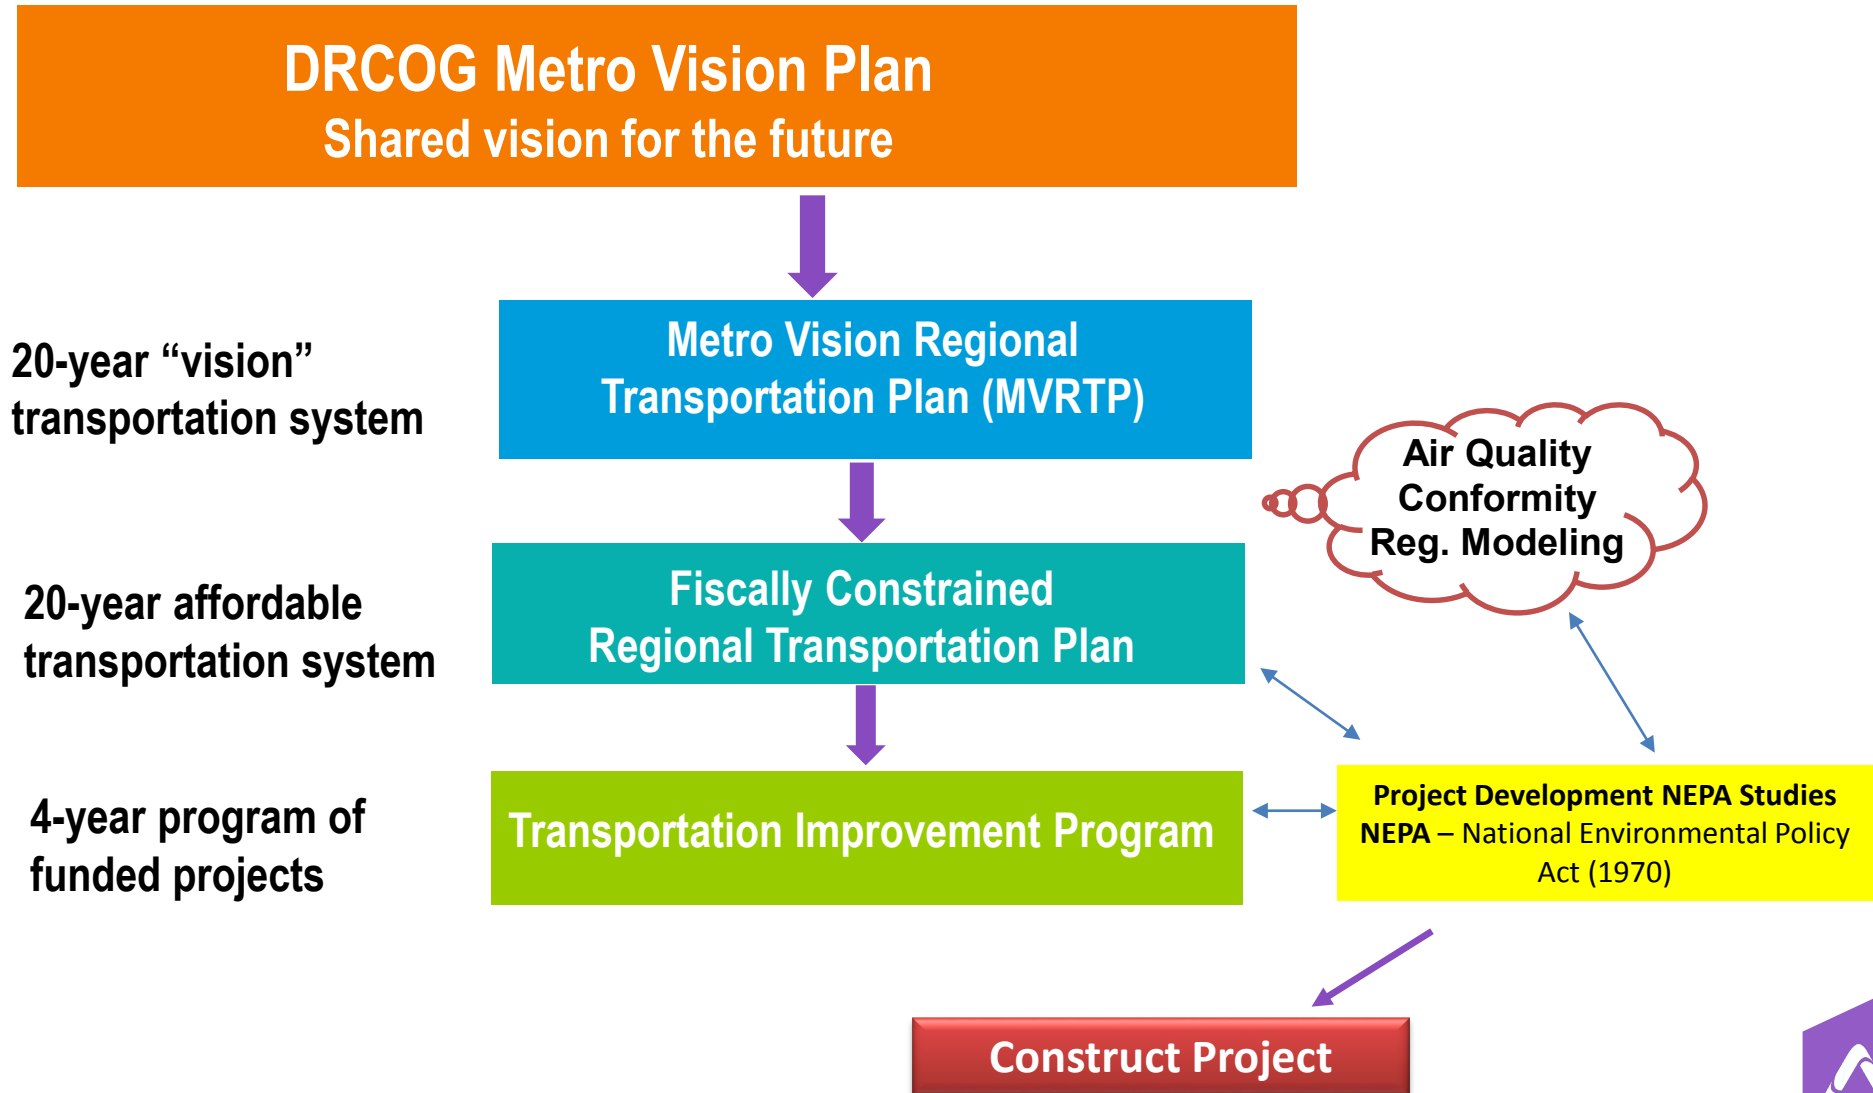

DRCOG Overview

- Local governments collaborate to establish guidelines, set policy and allocate funding for:
 - Transportation and Mobility
 - Growth and Development
 - Aging and Disability Resources
- DRCOG is:
 - Council of Governments (9+ counties)
 - Regional Planning Commission
 - Metropolitan Planning Organization (transportation)
 - Area Agency on Aging

Metro Vision Plan and MVRTP Overview

Metro Vision Regional Transportation Plan (MVRTP) Overview

- Presents region's vision for multimodal transportation system
- Identifies “fiscally constrained” (cost feasible) system & project investments
- Identifies major roadway capacity & rapid transit projects
- Determines eligibility for major projects to compete for Transportation Improvement Program funding
- Addresses federal requirements – core MPO function
- Helps implement Metro Vision
- Is updated every four years and amended more frequently

MVRTTP Planning Framework

The background of the slide is an abstract composition of vibrant, multi-colored light streaks in shades of blue, yellow, orange, and purple, radiating from a central point. A solid purple horizontal banner is positioned across the middle of the image, containing the title text in white.

METRO VISION PERFORMANCE TARGETS

Purpose: assessing collective impact

Metro Vision measures:

1. help to **verify whether the shared actions** of planning partners, including local governments, **are moving the region toward desired outcomes**
2. are **not intended to judge the performance of individual jurisdictions or projects**

2050 MVRTP STRATEGIC ISSUES

2050 MVRTP Strategic Issues

- How will the Denver region grow & change by 2050?
- How do we make our streets safer for all travelers?
- What role will technology play in travel and mobility?
- How do we respond to the persistent lack of adequate transportation funding?
- What mix of projects and investment decisions in the 2050 MVRTP will best achieve Metro Vision's performance targets?
- What choices and tradeoffs are we willing to make around mobility, travel choices, congestion, and maintenance?

HELP US SHAPE THE METRO VISION REGIONAL TRANSPORTATION PLAN

- » The Metro Vision Regional Transportation Plan is the region's long-range vision for transportation through 2050.
- » The plan describes what transportation infrastructure and services are needed, based on population and employment projections.
- » The plan outlines what transportation infrastructure and services the region will be able to afford over the next 30 years.

- » The plan shows how federal, state and local funds will be spent on transportation modes, projects and services.
- » The plan identifies major roadway and transit capacity projects.
- » The plan is updated every four years.
- » DRCOG will be working on this plan over the next two years. Now is the time to share your input! Visit bit.ly/2050MVRTP for more details about how you can get involved.
